

Dear Member,

The Club and Childrens GroupLink have decided in the interest of all staff and members to postpone Children's GroupLink Sunday league for the moment. We very much regret this decision but believe it is the correct course of action to follow. We would like to thank Brendan Halligan and his team for all their hard work in putting this event together and can assure all members that in the coming weeks we will set a new date to hold this event

We are also initiating proactive policies concerning where people are able to congregate in the club until March 29th.

- The bar area will be closed
- Online court booking will move to online ONLY.
- We are limiting the usage of the changing rooms to only absolutely essential usage. Please arrive dressed for tennis and shower at home after. We would encourage all to use the hand washing area far more frequently than under normal circumstances.
- All tennis squads, coaching courses, Senior Cardio sessions and camps are suspended
- Individual coaching may proceed.

We are all now personally responsible for helping to eliminate this community threat. With that in mind I would encourage all to stay safe, follow the health guidelines and encourage best practices in others.

Sincerely
Denis Breen
